A summary of the week's news which is of general interest to members of the faculty and staff will be printed in this "rag" for those who do not have the time to read all the news--or have access to the hook-up. You can help us considerably to develop a better program by keeping us posted on all developments on your side of the campus. Please send in any item of interest to the O.P.I. (TTY:386-6542 or PHONE:386-3326).

Also on the evening's program will be a demonstration, "Let's Freeze It Right," by Mrs. Jane Elliott.

ON THE GREEN

Well, folks, this is it...your little news sheet. It is an effort of the Office of Public Information to keep you informed about developments on the campus. It comes to you through the cooperation of many individuals...the fellows in the print shop, Chun Louie who designed the flag, the Office of Public Information and Alumni Office staffs and others.

On the Green is for campus distribution only. It is sent to all members of the faculty and staff and will be distributed at regular mail "drops" on the campus. A few extra copies are available at the O.P.I.

We hope to get On the Green out each Wednesday. That means each Tuesday--at the very latest--is the deadline for news. Send any items of interest to the O.P.I. (TTY:386-6542 or PHONE:386-3326) or better still, bring it in!

Help us keep the Green in circulation. Send news!
